Teacher of Mathematics (Fixed term in the first instance)

Context

Newman Catholic College is a boys-only, comprehensive Catholic school situated in North West London, in one of the most socially deprived areas of our capital city. Newman is much more than just a school: it is a multi-cultural community of people from different backgrounds who speak over 50 languages amongst both staff and students. Each individual, students and staff alike, is nurtured and encouraged to thrive at the best of their abilities. We embrace our diversity, and are culturally enriched by it.

As per our latest Ofsted report (December 2016), "The 'Newman Values' permeate throughout the school and have created a harmonious and diverse learning community that truly celebrates differences." Ofsted rated us as "good" in all areas, with outstanding features.

Vacancy

The Maths P8 score is even higher (1.679), placing our outstanding Mathematics department in the top quintile nationally for the third year in a row. Maths results in general have been consistently well-above the national average for the past 6 years, with GCSE 9-4s in 2019 at 64%.

Mathematics is taught in five dedicated classrooms, each incorporating an interactive whiteboard and a projector. We also benefit from a large, dedicated Maths staffroom, which allows us to work, plan and mark collaboratively: our department is intrinsically based on team work.

In Year 7 students are taught in mixed ability groups, and they are introduced to a coherently designed curriculum which aims at sequencing learning, and deepen understanding, rather than just cover content. This bespoke mastery-like approach continues through into Year 8, when students are grouped into ability groups. In

Years 9, 10 and 11 students follow the Edexcel Linear course and results are significantly above the national average. Our aim is to build on our success, and year on year improve outcomes for our learners.

We are seeking to appoint a well-qualified professional to teach Mathematics at all levels. This post provides an excellent opportunity to work in a high-quality, well-resourced and supportive environment and to be a part of a highly motivated team of teachers.

We have recently rewritten our schemes of work to incorporate the latest academic research into the most effective ways of engaging different groups of students, and improve retention across the year groups.

Candidate

We welcome applications from NQTs as well as experienced candidates. Suitable candidates will:

- be an outstanding teacher or have the potential and desire to become outstanding;
- be experienced in raising or have the desire to raise attainment;
- have proven experience of working or the desire to work successfully with students of all abilities and needs;
- be committed to our ethos of high expectations and no excuses with the belief that every child can succeed;
- have the resolve to make a real difference to the lives of pupils.

Our commitment to the successful candidate is to provide a suitably stimulating and supportive professional environment, with a bespoke range of both internal and external regular CPD and collaborative working across the department as well as other schools.

Application process

Visits to the school are welcome and encouraged. Please get in touch if you would like to arrange this: the Head of Maths would be more than happy to show you around, and answer any questions you may have in advance of the interview. Newman Catholic College is committed to promoting equality, challenging discrimination and developing community cohesion. We welcome applications from all sections of the community. We are committed to the protection of children and vulnerable adults.

Appointment is subject to a clear, enhanced DBS check.

Application forms must be completed and are available from the school website or by phoning the school office on 020 8965 3947. Please note that CVs will not be accepted.

Completed forms should be returned directly to Newman Catholic College at the above address or via email to office@ncc.brent.sch.uk.

Closing date: 25th June 2021.

Interviews: To be confirmed.
