RE: Remote Mathematics Lessons for Year 8

Dear Parent/Guardian,

As of Monday 23rd March 2020 the mathematics department will organise school work to be completed at home in line with the regular school timetable. Students will find the work for each day on Google classroom by 9am. This work will need to be completed by 3pm of the same day. The class teacher will be available to answer any questions via email during those hours. When work has been completed, it should be marked by the student using the answers provided. A copy of the completed work needs to be sent to the class teacher. The students can either send a photo of work done in their exercise book or use a word document.

Students can do additional work using online platforms www.mymaths.co.uk and www.hegartymaths.co.uk If there are any problems with logins contact the teacher.

The timetable for mathematics lessons is as follows:

Green week: Monday, Tuesday, Wednesday, Thursday

Red week: Monday, Tuesday, Thursday, Friday

The class teachers' emails are:

Set 1 Ms Joseph djoseph@ncc.brent.sch.uk
Set 2 Mr De Khems banarfi-de-khems@ncc.brent.sch.uk
Set 3 Mr Kimani jkimani@ncc.brent.sch.uk
Set 4 Mr Lopes tlopes@ncc.brent.sch.uk

In the event that one of the teachers is unable to set work, the students will be informed who they can contact for help through an announcement on google classroom.

If you have any questions or concerns please email me at epalmer@ncc.brent.sch.uk or Ms Vitamore at nvitamore@ncc.brent.sch.uk

Yours sincerely,

Eleanor Palmer
