## RE: DIVERSITY MARK ASSESSMENT RESULT

Dear Mr Coyle,

I write following your Diversity Mark Assessment held on 18<sup>th</sup> March 2020. The assessment was completed by the assessor Manoj Soma. On visiting your school, the assessor was met by Mr Daniel Coyle (Head Teacher). The assessment visit included a site visit, structured interviews and a robust assessment of a portfolio of evidence.

I can now confirm following a Quality Assurance (QA) review of the recommendations of the lead assessor, the self-assessment report and portfolio of evidence that Newman Catholic College has been awarded the Diversity Mark Bronze Award.

The evidence submitted demonstrated strong evidence of an inclusive school. The lead assessor noted that the school showed a whole school commitment to diversity and inclusion, and the school showed a commitment in relation to equality of opportunity that went beyond a tick box exercise. Please find attached your **moderated** report confirming the assessor's findings.

The Diversity Mark recognises excellence across the key themes of the standard and the Bronze level demonstrates that a setting is delivering good outcomes for students in the areas of inclusion, equality and diversity across the curriculum. The school should now start to work towards the next level of the standard: Silver.

Congratulations on your success and well done to all involved in this achievement.

Kind regards  
S DeAlyn

Samson DeAlyn MEd, MSc QTLS
