Counties and cities of the United Kingdom

Use trip work to observe, measure and record, sketch maps, plans and graphs,

Formal Assessment

Latitude, longitude, Equator, Northern/ Southern Hemisphere, the Tropics Arctic and Antarctic Circle, the Prime/Greenwich Meridian

Identifying the position and significance of latitude, longitude, Equator, Northern Hemisphere, Southern Hemisphere

The world's seven continents and five oceans

The world's countries, focus on Europe

What is Geography?

Geography Baseline Assessment

PNA, PMA
8Q1, 8Q2
8P

Base line to KS3

The aim of the Geography course is to equip pupils with knowledge about diverse geographical terms and tools, people, resources as well as natural and human environments. By the end of this course, pupils will gain a comprehensive understanding of the Earth's key physical and human processes. The bespoke Curriculum covers both KS2 and KS3 material and it will help pupils to deepen their understanding with the knowledge for their up coming GCSE exams or BTEC courses.
