EAL Pathways	Thursday 11 th March 09.10-14:30	Main Entrance	Friday 09:10

Preparation

- Parents need to have completed the consent form for testing - <https://tinyurl.com/NCCtests>
- Students should register ahead of recording their Lateral Flow Test - <https://test-for-coronavirus.service.gov.uk/report-result/registering-for>

Arrival

- Students should arrive at the above assigned time for testing, and then re-commence their timetable from the following day onwards.
- Students should be in full uniform with all school equipment
- Temperatures and registers will be taken before students are taken to their bubble base.

Testing

- Staggered testing will take place with students being collected from their bubble base, taken to the testing centre, and those who have consented will then be shown how to conduct tests by trained colleagues.
- Students will then have to wait 20 minutes for the result of the test.
- All students will then return to their bubble base except in the case of a positive result, whereby contact tracing will take place, potentially resulting in a small number of students self-isolating.
